ABOUT US

Vidyalankar School of Information Technology, affiliated with the University of Mumbai and re-accredited 'A' by NAAC, has been a leading institution for Science, Commerce, and Management education since its inception in 2002. Starting with just 60 seats for the B.Sc. in Information Technology, the college has grown significantly, and in 2024, it now offers 12 diverse courses, serving over 3,200 students. Our mission is to provide high-quality education in a nurturing environment where students can fully realize their potential. Our faculty consists of dedicated, qualified educators who bring creativity and innovation into the classroom, making learning an engaging experience. We offer a wide range of undergraduate and postgraduate programs and a doctoral program in Commerce.

ABOUT THE CONFERENCE

The research initiative began in 2014 and till now VSIT has organized 10 conferences of which 5 were international. This academic year 2024-25, VSIT, Mumbai is planning to organize a two-day Multidisciplinary International Conference on the theme "EMBRACING SUSTAINABILITY FOR A BETTER TOMORROW: UNVEILING A GREENER FUTURE". The conference aims to bring together academicians and experts from different parts of the country and abroad to exchange knowledge and ideas. This will provide an in-depth analysis of subjects and update the knowledge on the current state and potential of the participants from academic/research institutions. The conference also aims to conduct a pre-conference workshop on Basic Econometrics and its application Using R studio.

Objective of the conference

- Facilitate conversations around innovative, eco-friendly solutions to address environmental challenges and promote sustainable development.
- Engage participants in dialogue to foster partnerships and shared initiatives that advance global sustainability goals.
- Provide a platform for discussing the critical role of sustainability in ensuring long-term economic, social, and environmental well-being, motivating participants to take meaningful steps towards a sustainable future.

ABOUT THE THEME

Welcome to a transformative journey as we delve into the heart of sustainable living. Our conference theme, "Embracing Sustainability for a Better Tomorrow," invites you to explore innovative ideas, share experiences, and foster collaborations that will shape a more sustainable future. Join us in this collective endeavor to create a lasting impact and leave an indelible mark on the path to a better and more environmentally conscious world. Together, we embark on a journey of discovery, learning, and actionable insights to build a tomorrow that we can all be proud of.

Our event will delve into the critical role of sustainable development in shaping a greener tomorrow. With a focus on Decent Work and Economic Growth and Industry, Innovation, and Infrastructure, we will examine how these pillars can be integrated to create a more equitable and environmentally responsible world.
